

Dear Parents/Carers

When we are at Flatford (30th October – 3rd November), there may be occasion when your child needs either Paracetamol (Calpol) or Ibuprofen. Both will be available on the trip in liquid form (via the provided plastic syringe or spoon).

You will need to give your consent for myself, or any of our staff on the residential, to administer this.

Please sign the slip below to give permission.

Without permission, we will not be able to administer the medicine.

Kind Regards,

Miss T Balaam
