1st February 2021

Dear Parents/Carers,

We would like to know how we can improve our provision for all our learners during this time when schools are closed to most children and especially in the light of the government's latest announcement that schools will now not open until 8th March at the earliest. Below is a link to take you to a survey. Please take the time to complete this survey whether your child is a remote learner, a school based learner or does a combination of both and make full use of the comment boxes. We understand that provision needs to be different for children in the primary age range so it would be very helpful to us if families with more than one child at the school make it clear if their comments are for a specific year group.
